### DESCRIPTION

**MARINE-MP** is a mixed soap (calcium-lithium) grease that is ideal for a multitude of "on-board" applications where both economy and performance are important. This smooth, buttery grease has an operating temperature range of 0°F to 325°F to provide "single grease" use for a variety of applications.

**MARINE-MP** is water resistant, highly tenacious, and has excellent resistance to the effects of salt spray, heat, water, oxidation, and other adverse conditions common to marine usage. As a result, this product will lower maintenance costs and simplify inventory while providing excellent performance.
